

Year 1 Home Learning Matrix

Please see the suggested activities below for you to complete with your child at your leisure. You have been provided with a spelling/homework book if you wish to use it. Please ensure that the book remains in the book bag at all times so that we can add the new spellings.

<u>Science</u> Make a collage out of natural objects. How many different items can you use? Can you describe the texture and how it feels? 	<u>Geography</u> Draw a map of your bedroom, house or garden. See how many parts of your map you can label. 
<u>Maths</u> Use objects from around your home such as pasta, Lego or pens to represent numbers up to 10 (or 20 for a challenge). Can you write the numbers as well? If you want to bring in a photo to show us, please do. 	<u>Handwriting</u> Using the handwriting lines in the book provided, practise writing your name carefully. Don't forget the capital letter. Can you write your surname? Feel free to practise other letters also. 
<u>English</u> Draw a picture of your favourite toy and write a sentence to explain why it is your favourite. 	<u>PSHE</u> Show your family in any way you choose. This could be through a drawing, collage, model, playdough, etc.  
<u>Music</u> See if you can find a new nursery rhyme to learn. You could also make up some actions to a song you already know. 	<u>RE</u> Listen to or learn a hymn/song of worship and think about the words and the meaning.
